**MARBLE & GRANITE**

# WELCOME

At Rock Stone Exports, we believe that quality is the only currency that matters in the global market. Rooted in Rajsamand, the heart of India's stone industry, we meticulously select every block to ensure it meets rigorous international export standards. From precise cutting to secure packaging, our commitment is to deliver not just stone, but a promise of durability and timeless elegance to your doorstep.

# About Us

Rock Stone Exports is a Rajsamand-based natural stone company specializing in the sourcing, processing and export of premium Indian Granite, Marble. With access to quality quarries and a modern processing setup, we supply architects, importers and project owners across global markets who demand consistent quality and reliable delivery.

From block selection to final packing, every stage is monitored by an experienced team to ensure that each shipment meets strict international standards. Our focus on transparency, timely communication and long-term partnerships has helped us build a strong reputation with clients in construction, retail and stone distribution.

## WHAT DEFINES US

**Location advantage:** Based in Rajsamand, a major hub for green marble and granite production.

**Wide portfolio:** Granite, Marble and specialty stones for interior and exterior use.

**Export-ready systems:** Trained staff and streamlined documentation for smooth global shipments.

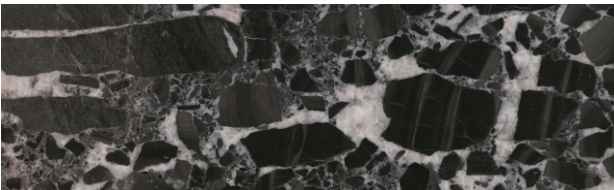

# NATURE'S

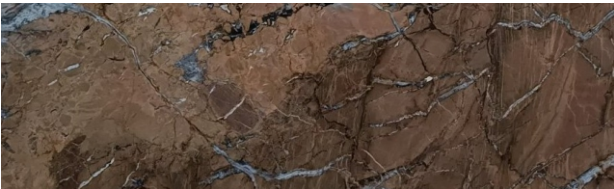

Illuminated Masterpiece

Patagonia White Quartz

Patagonia Black Quartz

# THE STRENGTH OF **GRANITE**

Granite is nature's most enduring architectural stone, prized globally for its exceptional hardness, heat resistance, and diverse color palette. At Rock Stone Exports, we offer a robust portfolio of Indian granites, from the timeless elegance of Absolute Black to the dynamic patterns of colored variants. Each slab is engineered by nature and perfected by us to deliver a surface that is not only beautiful but built to last a lifetime.
